Sprint®

COCKROACH ADHESIVE TRAP

Product code: L114200

Against cockroaches, millipedes and other creeping insects - Size: 20 x 10 x 3 cm

Characteristics

Trap against cockroaches, containing a food attractant with liquorice fragrance placed directly into the sticky mass. It acts on all sorts of cockroaches
Product contains no poison, is unchangeable over time, does not leak nor smear and lasts about 60 days.

Instructions

Open the bag and remove the silicone paper that protects the glue layer of the trap. Fold and close as indicated. Replace the trap every 60 days or when it is full of prey or ususable because of dust or dirt. Place the traps at a distance of 5-10 meters from each other in near: electrical panels, electrical conduits, dishwashers, sinks, ovens, leavening rooms, platforms, motors, drains, doors and perimeters, warm-humid rooms, poorly lit areas and wherever the presence of cockroaches is suspected. Applicable both on the floor and on the wall.
